

## Company Logo Specifications

### Requirements & Suggestions For Optimal Viewing:

---

- The logo must be in png format.
- Horizontal logos work best with the best size being about 320 pixels x 40 pixels.
- Square logos should be about 64 x 64 pixels. Logos which are too big will be resized when they are uploaded.
- Logo should have a transparent background.
- You can upload both a light and dark version of your logo.
